

Company gets total revamp with MuxLab

Global company based in Mexico City gets total revamp with MuxLab.

A Global Logistics Company with branches in various countries, has gotten a complete overhaul in their Mexico City offices in its many rooms thanks to a successful install by the systems integrator Creatio Entornos in partnership with Duoson. The revamp consisted of 27 spaces among them 12 meeting rooms, a coffee bar, a reception space, a showroom, a laboratory, 3 VIP offices, 4 huddle rooms, one training room and 3 large conference rooms (including 2 videowalls).

One of the challenges faced on this project was the supply chain shortages suffered by that time, but thanks to Muxlab and Duoson logistics and support Creatio was able to provide in timely mannered all the video distribution equipment required in this project.

The end user, was looking for the best connectivity and collaboration technology with top audio-visual quality, chose to use MuxLab's AV over IP technology thanks to its user-friendliness, top quality, stock availability and fair price points, everything within the standard required by the US head quarters of the company. Rooms received top of the line connectivity for smooth switching and routing of multiple AV signals. The MuxLab HDMI 4K over IP PoE Transmitter and Receiver (22 units from model 500759 TX - 32 units from model TX and 500759 - RX) were used for the deployment and offered a seamless install process. Paired with the

MuxLab Pro Digital Network Controller (model 500812) for system control and upgrades, the new install functions flawlessly and gives the end user full control of their AV system.

The set up interacts using a QSC control system which allows the control of AV and lighting in an easy to use, intuitive way. This Logistics Company is very satisfied with the solution and the technology used daily offers the quality and ease of use they were looking for.

With this project, Creatio was awarded with the best project for the CALA Awards by AVI Latinamerica magazine.

“ We chose the technology and brands within the project because they turned out to be the best ones that best complemented what the client was looking for, as well as great support from Muxlab and Duoson throughout the project design and installation. ”

Juan Carlos Martinez Minutti CEO and Founder of Creatio Entornos
