

# Presidential Room in Panama Gets Complete AV Overhaul

## MuxLab solutions help turn aging AV system into a dynamic modern ecosystem.

Intech Engineering Inc. received a request from Banco Banistmo of Panama to update their presidential room. With an aging AV system that had been in place for over eight years, the challenge was clear: to bring cutting-edge technology to the heart of their conferencing space. Intech Engineering Inc. rose to the occasion, crafting a solution that would enhance the room's capabilities.

The task at hand involved a complete overhaul of the existing setup, with a focus on seamless integration for both presentation and video conferencing needs. Guided by a commitment to user-friendly functionality and uncompromising quality, Intech Engineering Inc. embarked on a journey to redefine the room's audiovisual landscape.

Central to the project was the deployment of MuxLab equipment, including 8 encoders and 4 decoders meticulously positioned to optimize performance. These components formed the backbone of a sophisticated video distribution system, seamlessly interfacing with the conference

table, video conference codec, and wireless presentation gear. Complemented by two monitors and a projector, the room was primed to deliver immersive experiences tailored to each occasion, whether it be a high-stakes presentation or a critical video conference.

As a nod to the demands of the banking sector, where innovation is paramount, Intech Engineering Inc. spared no effort in ensuring that the new technology seamlessly integrated with existing workflows. The result? A dynamic AV ecosystem that effortlessly caters to the evolving needs of modern meetings and conferences.

Intech Engineering Inc. utilised of Creston technology to integrate the AV implementation, allowing users to navigate the system with ease through their iPads. Following the successful implementation of the upgrade, Banco Banistmo of Panama witnessed a remarkable transformation in the room's performance with enhanced audiovisual clarity and stability.
